Advertising Agencies & Corp. Media Buyers are Shocked!

"Needed Advertising Tracking Program Delivers more than Promised..."

Media buyers everywhere are getting smarter and realizing that branding alone is not the answer. Performance-Based Marketing is the way to show tangible results for their marketing efforts, and increase the growth rate of their company.

Having been in the advertising industry for over 25 years we know what you need and how it should function.

Stop using Excel to organize your advertising, it is only a spreadsheet. Media Tracker Pro allows you to easily import all your advertising you currently have in Excel. "You can't manage what you can't measure".

Tired of having to pull out file after file to try and see what advertising you are running, how much it costs and where it is placed? - Now you can do it from one place!

Media Tracker Pro®! Get Started Now & See How Proper Tracking of Your Advertising can **Double** Your Results!

Media Tracker Pro makes your life so much easier & you will look like a hero to your clients ...

Imagine this for a moment, if you will...

In minutes right here, not hours scouring through files - you can pull up and view each ad you placed, see Television commercials you ran, Direct Mail pieces you sent out; How much they cost to run, how long they ran for and even charted on a beautiful mapping system!

Only One Program Can Do All This - Media Tracker Pro... And it's so easy!

Check out the many other great features we have incorporated into this one program for you!

Our program offers "Quick Search" and "Extended Search" to give you the information you want faster and more targeted. You can even search by type of advertising, geographic location, by ending date & even by unit # (by store, office, franchisee, etc).

Photos and Videos are added to give you the visual of your ad right there along with the information details. You can even view television commercials you ran. The photo gallery has a slideshow so you can see an individual photo or watch them change from one to another on each campaign you did.

"This is a
wonderful
program, I

love having all our different
advertising in one place!"

"Very nice,
and very
needed!"

Audio Advertisements. Now you can also upload your Radio & other audio ads you have run. Have it all organized here in one place!

Web-Based Program. This program allows you to pull it up on any computer, anywhere. Imagine showing this great program to potential clients right in their office!

Each Ad listing has a printable version of the listing, 'email this ad page' option and an option to add to a comparison list.

These Ad listings include an internal calendar that displays when your ads are running and when they will end to help you plan and manage your campaign better.

Visual Maps - Showing you an overview, right down to the city and by county of where you have ad coverage.

Google Maps integration - Each location can be pinpointed on the Google map and even give driving directions from wherever you are at.

Making Media Buys- Once you can see visually the ads that you are running and where, making media buys becomes so much easier and effective!

Vendor Contacts: Keep all advertising related contacts in one place so you can easily find and contact your vendors when you need to!

Reports: Easily pull up & print out reports of your advertising in many different manners!

Web Site Stats: Everyone knows how important your website is well it is even more important than you think! Every ad you run can reflect an increase in your website traffic showing you how well your ad did. But only if you know who is coming to your website and from where. Google Analytics will do this for free. If your different offices each have their own websites they will have their own to monitor for their website. We will install all these codes for free!

Thanks guys.."
